Press Release

«DROMEAS at CERN»

On Friday, the 11th of February 2011, the inauguration of the new building, No. 42 at the complex of the European Organisation of Nuclear Research CERN in Geneva, took place. The 300 people building have been equipped by DROMEAS with the provision of desks of the SLIM series and a large quantity of cabinets and bookcases. The selection of DROMEAS has been completed after a pan European market research. It should be noted here that all European Union services are equipped with the same desks of the SLIM series.

The beginning of the cooperation between DROMEAS and CERN, clearly, shows the increasing presence of the Company to the European markets and the strengthening of its position in those markets.
